

## TARIFF MUST WAIT FOR CUBAN CAUSE

### SENATOR MASON SAYS ACTION MUST BE TAKEN.

If the Revenue Bill Is Given the Right of Way, There Will Be Filling in the Cuban resolution before the tariff bill is ordered, or there will be such filling in as the senate has never seen.

Washington, May 18.—Senator Mason of Illinois, will talk on Cuba today. He says there must be a vote on the Cuban resolution before the tariff bill is ordered, or there will be such filling in as the senate has never seen.

Washington, May 18.—The president on Monday sent a message to congress urging that \$50,000 be appropriated, to be immediately available under the direction of the secretary of state, for the relief of destitute American citizens in Cuba. Prompt action was taken by the senate, which passed without division a resolution in accordance with the recommendation of the president. Mr. Hitt of Illinois introduced a similar bill in the house, but immediate consideration was blocked by Mr. Bailey of Texas, who insisted that an amendment be added embodying Senator Morgan's resolution for the recognition of the Cuban insurgents. Mr. Dingley objected to the amendment; whereupon Mr. Bailey objected to the bill and the whole matter was sidetracked.

The president's message is as follows:

"To the Senate and House of Representatives of the United States: Official information from our consuls in Cuba establishes the fact that a large number of American citizens in the island are in a state of destitution, suffering for want of food and medicines. This applies particularly to the rural districts of the central and eastern parts. The agricultural classes have been forced from their farms into the nearest towns, where they are without work or money. The local authorities of the several towns, however kindly disposed, are unable to relieve the needs of their own people and are altogether powerless to help our citizens.

"The latest report of Consul-General Lee estimates six to eight hundred Americans are without means of support.

"I have assured him that provision would be made at once to relieve them. To that end I recommend that congress make an appropriation of not less than \$50,000 to be immediately available for use under the direction of the secretary of state.

"It is desirable that a part of the sum which may be appropriated by congress should, in the discretion of the secretary of state also, be used for the transportation of American citizens who, desiring to return to the United States, are without means to do so.

WILLIAM M'KINLEY.  
Executive Mansion, May 17, 1897.  
Immediately after the reading of the journal Secretary Pruden of the White house staff presented the president's message on Cuba. It was taken to the clerk's desk and read with the closest attention from senators and spectators.

Following the reading of the message Senator Davis of Minnesota, chairman of the committee on foreign relations, favorably reported, with amendments, the resolution introduced by Senator Gallinger last Thursday appropriating \$50,000 for the relief of the destitute citizens of the United States in Cuba. Senator Davis asked for immediate consideration of the resolution, and there was no objection.

The only speech made was that of Senator Gallinger, who spoke briefly. He said he had been impressed at the great mass-meeting, attended by 3,000 persons, Sunday, with the statement made there by a correspondent who had traveled through the stricken district of Cuba. This gentleman had stated that there was an abundance of food in Cuba and that it was needless to give relief in that direction. The real trouble, he said, was that the Cubans were herded in the towns and prevented from going out to get the food. The most effective relief, Senator Gallinger said, would be a demand by the president and the government that the Cubans be released from their bondage in the towns and permitted to go where they could secure food. The senator was ready to assume his share of responsibility for such a step. Still, if the resolution just reported gave some measure of relief, he would heartily support it without urging the other plan of relief he had suggested.

The resolution was then put on its passage and without division it passed unanimously, there being no response to the call for the yeas. It had taken exactly eighteen minutes for the reading of the message, the presentation of the committee report and the brief speech and the final passage of the resolution.

Promptly at 2 o'clock the Morgan Cuban resolution was taken up. The resolution declares that a condition of public war exists in Cuba and that strict neutrality shall be maintained by the United States.

Mr. Morgan said that unless some senator desired to speak he would ask a ye and may vote on the pending motion of Mr. Hale to refer the resolution to the committee on foreign relations.

The vote was about to be taken when Mr. Wellington (rep., Md.) arose

for his maiden speech, which proved to be a vigorous protest against the resolution. He said that while a resolution of belligerency might not be serious, yet the senate should pause and consider the serious results that might follow such a declaration. Moreover the Republican party had come into power on certain propositions. First of these was the question of an adequate tariff bill. He believed the first duty of congress was to the American people rather than to the Cubans and Greeks.

Mr. Stewart (Nev.) argued for the resolution, saying it voiced the sentiment of the American people. Mr. Daniel (Va.) denied that the recognition of an existing fact could be construed as a hostile act, but in any event the fact should be recognized and the great influence of the United States thrown toward the cause of civilized and Christian usage. It might subject some American vessels to search, but this would be a small matter compared with the results achieved. It might give Spain a right to blockade Cuba, but in that Spain would suffer more than the United States.

At the close of Mr. Daniel's speech Mr. Mason of Illinois secured the floor and will speak when the resolution is taken up at 2 o'clock today.

At 5 o'clock an executive session was held, and at 5:30 the senate adjourned.

### Pacific Railroad Inquiries.

Washington, May 18.—The senate adopted the resolution introduced by Senator Pettigrew directing the committee on Pacific railroads to investigate whether any lands have been fraudulently issued to the Union Pacific railroad.

## DAILY BASE BALL REPORT.

### Results of the Games Played in the Various Leagues Yesterday.

Boston yesterday pounded Denzer as it pleased, and profited by damaging errors of Pfeffer and McCormick. Chicago did no batting to speak of. Washington and St. Louis lost also, and are still at the foot. Cincinnati gave Philadelphia its first western defeat, and gained second place, putting Stallings' men below Pittsburgh, which won from New York despite Rustle. Brooklyn found St. Louis easy and supplanted New York in eighth place. Score:

## SAY HE WILL NOT INTERFERE.

### Gov. Leedy Will Allow Saloons in Many Kansas Cities.

Topeka, Kas., May 18.—Anent the present fight being made on a resumption of the open saloon in Kansas a prominent state official, speaking of the attitude of the administration, said: "The policy of Gov. Leedy and Attorney-General Boyle will be to let the larger cities have all the liquor they want. This is particularly true of Leavenworth, Wichita, Atchison and Kansas City, Kas. The sentiment in those cities is overwhelmingly in favor of the sale of liquor and the collection of a license. That has been the program in those cities. In the smaller cities and towns Gov. Leedy's administration will let the people handle the question themselves."

### Rebellion in Uruguay Ended.

Montevideo, May 18.—A battle lasting six hours has taken place between Uruguayan troops and the insurgents under Lamas and Saravia. The government forces were victorious, according to the official report. Later in the day it was officially announced that the insurgents had been completely routed and that the revolution is considered ended.

## TURKEY NOW READY TO TALK OF PEACE

### WILL LISTEN TO PROTESTS OF THE POWERS.

Greek Troops Suffer a Decisive Defeat — Crown Prince Constantine Admits the Hellenes Could Not Repulse the Enemy — Excitement At Athens Caused by News of the Fight.

London, May 18.—Turkey is said to have agreed to listen to the protests of the powers and to cease fighting, pending arbitration proceedings.

London, May 18.—The Daily Telegraph's special correspondent with the Turkish forces in Thessaly, telegraphing late last night, says:

"Edhem Pasha has moved on from point to point, and finally occupied Domokos. The Greeks have sustained a crushing defeat."

A dispatch to the Times from Athens says that the following telegram has been received from Crown Prince Constantine:

"Our right wing, under Col. Mastrapas, has been compelled to retreat. It still holds Voussi, but may find it necessary to retire on Phourka pass. It was necessary to bring up all the reserves in order to repulse the furious attacks of the enemy. Our wounded have been sent to Lamia. The conduct of the army was praiseworthy."

The latest news from the seat of hostilities, by way of Athens, shows that the battle yesterday ceased about 9 o'clock in the evening, but will probably be resumed this morning. It is evident from the Greek account that the Greeks have suffered a serious defeat, and if the left wing has given way, as appears probable, Edhem Pasha may be able to cut off the Greek retreat and separate Gen. Smolenski, at Soupti, from the main army.

This is Edhem Pasha's reply to the foolish attempt of Col. Manos to snatch a victory in Epirus. If Greece had prevented Masos from playing this last card of a gambler, Turkey might, perhaps, have ceased hostilities. As it is now, she is in full possession of Thessaly, and the powers will find the task of protecting Greece more difficult than ever.

The dispatches from Athens represent the populace as astounded when the news of the fighting came. They had hoped to the last that the powers would prevent Turkey from going further. One report represents the Greek government as threatening to take extreme and desperate steps unless Europe arrests the progress of the invaders.

The Daily Chronicle's correspondent at Athens sends the following official account of the fighting yesterday: "Over 50,000 Turks simultaneously and continuously attacked our whole line. Our artillery and infantry did splendid work. Twice all the regiments of the enemy wavered and fled, though their attack was soon renewed with fresh forces, which in turn we were able to hurl back.

"The stubborn resistance and splendid vigor of our troops finally compelled the enemy to give way altogether. All the attacks on our left were similarly repulsed.

"On our right we did not fare so well. The first attack of the enemy was repulsed, but they massed in immense forces for the next attack. Our first line wavered and was broken, and the wing would have been turned but for the time arrival of the reserves.

"Still the enemy had gained ground which it was then impossible to regain, and we therefore fell back on Bousi.

"The Turks had 50,000 troops, with 30,000 reserves. Our force was only 35,000. We have lost heavily, but the enemy must have lost thousands."

A dispatch to the Daily Mail from Berlin says it is reported there that a plot to murder King George has been discovered at Athens and that many arrests have been made.

### Steel Men Want More Money.

Detroit, Mich., May 18.—Some 150 delegates representing upward of 50,000 iron and steel workers assemble here today in the annual convention of the Amalgamated Association of Iron and Steel Workers. The convention will be at work several days arranging the wage schedule, the basis being the report completed by the wage committee in Pittsburgh last week. It seems certain that a material advance over the present rates will be adopted and submitted to the mill owners. The tin-plate workers' schedule will probably be fixed at the same rate in force under the McKinley law—an advance of about 15 per cent from present rates.

### May Spread to 80,000 Men.

New York, May 18.—The garment workers' strike, which sprang into being before daylight Sunday morning as the result of the determination of 12,000 men to secure living wages, seems certain to become much more extensive. It is declared that the strike will probably extend to all the principal cities of the east and include an army of 80,000 workers. Philadelphia, Baltimore, Boston, Rochester, Utica, and Syracuse are likely soon to join their voices to the demand for relief.

## FEVER AIDS WEYLER TO KILL THEM OFF

### DISEASE IS DECIMATING CUBAN NON-COMBATANTS.

Yellow Jack and Smallpox, Conjointly With Starvation, Are Thinning Out the Hated Islanders—Medicine Cannot Be Procured For Those Stricken — Many Victims Are Americans

Washington, May 18.—There have been 522 deaths from yellow fever in six cities of Cuba since the first of January. This appears from the most recent reports of American consuls and sanitary inspectors. It represents only part of the truth.

The mortality officials in Cuba are accustomed to conceal yellow fever under other names during the winter and spring months. They admit these 522 deaths from the most dreaded contagious disease.

What the real number has been can only be guessed. Those in charge of the quarantine of the United States are agast at the conditions which these latest reports show. They feel that the danger from infection is great.

In Havana the deaths from various causes are now more than 250 a week. Smallpox seems to be yielding first place to yellow fever. In the short month of February 581 residents of Havana died of smallpox, but in March the deaths from that cause dropped to 319.

The deaths in Havana during March reached 1,330. Dysentery and bowel complaints, aside from fevers, claimed 161. Part of the yellow fever mortality was successfully concealed, according to the Spanish custom, under the cover of "pernicious fever."

Captain-General Weyler looks upon these dreaded diseases as allies and uses them, in conjunction with starvation and exposure, to decimate the ranks of the helpless and hopeless thousands of noncombatants whom he has forced to huddle together in the cities.

Setting or giving medicine to a Cuban is an offense punishable by death under Weyler's law, and so the poor people are dying like sheep. Among these are many American citizens.

## ADOLPH LUTGERT IN JAIL.

### Chicago Police Allege That He Killed His Wife.

Chicago, May 18.—Adolph L. Lutgert was arrested Monday afternoon at 1:30 o'clock on a charge of murder. His wife has been missing since May 1, and the police have secured a chain of circumstantial evidence that points directly to him as her murderer.

The scene of the supposed murder was the large sausage factory at the corner of Hermitage avenue and Diversey street, owned by the A. L. Lutgert Sausage and Packing Company, of which the accused is the head.

Lutgert's motive is attributed to his desire to have his wife out of the way in order that he might devote himself to other women.

Two gold rings belonging to the murdered woman have been found in a large vat in the basement of the factory. The murder is supposed to have been committed in the small room and her body disposed of in the basement of the factory by means of a strong acid solution in the vats and the furnaces used in generating smoke for the smokehouses.

### Iowa Orators Win the Debate.

Iowa City, Iowa, May 18.—The fourth annual joint debate between the state universities of Iowa and Minnesota was held here Monday. The question was, "Should the United States senators be elected by direct vote of the people?" and was affirmed by A. W. Hamman, E. G. Moon and F. W. Beckman on the part of Iowa, and denied by Bert Russell, R. W. Nelson and W. D. Lane of Minnesota. The decision was unanimous for the affirmative.

### Royal Decree Reaches Havana.

Havana, May 18.—The royal decree putting into force the reforms which the government decided on March 15 should be established in the provinces of Santa Clara, Matanzas, Havana and Pinar del Rio arrived from Spain Monday. El Pais, the organ of the autonomists, and all the other dailies congratulate the queen regent on the event, which is coincident with the birthday of Alphonso XIII.

### Tribute to Herism.

Springfield, Ill., May 18.—The Illinois Battle-field Monument commission met Monday night and decided to erect nine monuments each at Lookout mountain and at the north end of Mission Ridge to the Illinois regiments which participated in these battles. Plans were received for a granite monument 100 feet high which it is proposed to erect on the top of Mission Ridge.

### German Exports Have Increased.

Washington, May 18.—Frank Mason, United States consul at Frankfurt, submits some statistics to the state department from which it appears that from South Germany the exports to the United States during the first quarter of this year were \$1,054,242 in excess of the exports during the corresponding period of 1896, an amount of \$9,495,521. The consul also shows that the maximum exports from South Germany to the United States were reached in the March quarter of 1893, under the tariff act of 1890, and the minimum shipments in the same quarter of the next year, immediately preceding the tariff act of 1894.

## BROKER CHAPMAN IS IN JAIL.

### Sugar-Trust Witness Has a Cell in Wash- ington—Will Face Well.

Washington, May 18.—Elverton R. Chapman, the recalcitrant sugar-trust witness who refused to answer a senate committee's questions as to whether he had acted as a broker for any senators in speculation in sugar, occupied a cell at the district jail Monday night, and will continue therein for twenty-five days. Chapman surrendered himself to United States Marshal Wilson at 4 o'clock, in accordance with an understanding previously reached.

ELVERTON R. CHAPMAN.

He was very cheerful and inclined to be jocular in his conversation. Two cells have been assigned him, one for sleeping purposes, and the other as a sitting and office room. Rugs cover the floors, and a table, brass bedstead, chiffonier, and several chairs adorn the cells, but no luxurious curtains hang over the iron bars, nor do decorations set off the walls. He will, however, have plenty of reading and writing materials to busy himself with during the visiting hours. The jail will furnish him his ordinary fare, while soups and fancy dishes, served by a private waiter, will be sent to him from a hotel.

## THE WORKERS GAIN THE GIFT.

### Baptist Women Successful in Their Efforts to Raise Money.

Pittsburg, Pa., May 18.—Large delegations of Baptist women from various sections of the country have arrived here to attend the opening exercises this afternoon of the twentieth anniversary of the Women's Home Baptist Mission society. Anniversaries will be held as follows: American Baptist Home Mission society, May 19; American Baptist Historical society, May 20; American Baptist Publication society, May 21; Commission on Systematic Christian benevolence, May 22; Baptist Young People's Union of America, May 23; American Baptist Missionary union, May 24 and 25.

During the week when the financial report of each of the various organizations is made, it is said, the books will show that the numerous societies and churches have raised a sufficient amount of money to capture the \$250,000 offered by John D. Rockefeller to free the missionary societies of debt. The total debt of the organizations aggregated \$486,000, and to become entitled to the gift of Mr. Rockefeller it is necessary that the church raise \$236,000. The sums were raised on the occasion of special services in this direction. In addition sums ranging from \$5 to \$1,000 and \$5,000 have been contributed.

### Ready for the Presbyterians.

Winona Assembly, Ind., May 18.—The representatives of the 1,000,000 Presbyterians in America are headed toward this quiet retreat in northern Indiana. Between now and Thursday noon 600 commissioners will arrive, and the indications are that double that number of visitors will come from Chicago, Indianapolis, Detroit and Cincinnati. Everything has been made ready for the entertainment of the general assembly.

It seems probable that no elder will be a candidate for the moderatorship, for to aspire to the place is bound to bring on a bitter fight.

### Railway Telegraphers Meet.

Peoria, Ill., May 18.—The Order of Railway Telegraphers convened Monday in general convention, with about 115 delegates present. The address of welcome was delivered by W. V. Tefft, city attorney, to which Grand Chief Powell responded. Speeches were also made by A. D. Thurston, of Vinton, Iowa, and Paul G. Ramsey, of Chicago, past grand chiefs; J. R. T. Austin, grand secretary and treasurer, and T. M. Pearson, second assistant grand chief. The federation of railroad organizations and a woman's auxiliary were favored by the speakers.

### Object to the Raise.

Cincinnati, O., May 18.—The tobacco manufacturers of the First Ohio and the Sixth Kentucky districts met and passed resolutions protesting against the proposed increase of the rate of tax on manufactured tobacco from 6 cents to 8 cents per pound. A committee of three has been appointed to present the protest to the United States senate.

### Statue of Stephen Girard.

Philadelphia, May 18.—The statue of Stephen Girard, which is to be presented to the city and placed at the southwest corner of City Hall plaza, will be unveiled next Thursday, the semi-centennial anniversary of the opening of Girard College.

### Plumbers Strike Declared.

Chicago, May 18.—The Plumbers' Union declared a general strike at midnight to take effect at 7 a. m., and fifteen assistant business agents were appointed to assist the union officials in enforcing the order.

### Money for Cuban Insurgents.

Madrid, May 18.—The Liberal says the Cuban insurgents have raised a loan of \$3,000,000 in New York.

## TOWNSEND GUILTY OF MANSLAUGHTER

### THE LANCASTER MURDER CASE IS ENDED.

Man Who Was Tried For a Crime Committed Eight Years Ago, Was Sentenced to Waupun For Two Years, and a New Trial Denied — State Dispatches.

LANCASTER, Wis., May 18.—[Special] —Mark W. Townsend who was extradited from the state Washington for the murder of his former wife in Grant county eight years ago, was found guilty of manslaughter in the fourth degree this morning. He was sentenced to two years in Waupun and a motion for a new trial was denied by the court.

The case was given to the jury at 6 o'clock last evening, the whole day having been occupied by one speech for the defendant and two for the state.

The public had the impression that the verdict would have to be either murder in the first degree or acquittal, but under the judge's charge the jury could find a verdict for manslaughter in the fourth degree, as was done.

### Try to Break the Strike.

Two Rivers, Wis., May 18.—[Special] —An effort to break the strike partly succeeded this morning when the Two Rivers Manufacturing Company resumed work at the main factory with a small force. The strikers surrounded the place and tried to induce the men to leave, but offered no violence. The company will attempt to run the mill factory tomorrow with new men.

### More About Pouch's Death.

Milwaukee, Wis., May 18.—The body of William Pouch, who killed Alexander Harris and shot three other members of his household, near Waukesha, was dragged out of the mill pond at Prospect Hill, Waukesha county, Monday. All the morning the body lay under the willows on the bank of the old mill pond, viewed by the throngs of farmers.

There was a bullet wound in the neck, and around the throat was a white handkerchief, drawn tight by the swelling of the flesh. In the pockets were found bicycle clamps for the trousers, and every point made it certain that the body was that of the murderer. Later the body was positively identified. The man waded into the pond where the water came up to his shoulders and then shot himself. The mill pond is about two and a half miles south of the Harris farmhouse, the scene of the murder.

William Pautz, for that was his real name, was the son of a farmer who lives about forty miles from this city. He was 28 years of age, of large frame and had the face of a degenerate. His mouth was large and coarse, the nose small, the chin retreating, and he had what is known as the "criminal ear," thick and standing far out from the head.

### Perish in Flames.

Shawano, Wis., May 18.—Martin Wicks and wife, who live near Gresham, this county, left their home Monday to look after some stock that had strayed away. During their absence forest fires spread over the farm and destroyed the house. Three small children, who had been left alone, perished.

### Brotherhood of Railway Trainmen.

Toronto, Ont., May 18.—The biennial convention of the International Brotherhood of Railway Trainmen opened here Monday. Delegates from nearly every state in the Union and province of Canada are in attendance. This is the first time that the brotherhood has met in Canada. Associated with the brotherhood is the ladies' auxiliary, which is represented by Miss A. A. Downing, grand secretary and treasurer. Indianapolis, Atlanta and New Orleans are after the next convention.

### Object to the Raise.

Cincinnati, O., May 18.—The tobacco manufacturers of the First Ohio and the Sixth Kentucky districts met and passed resolutions protesting against the proposed increase of the rate of tax on manufactured tobacco from 6 cents to 8 cents per pound. A committee of three has been appointed to present the protest to the United States senate.

A Lively Stock Market.

There was considerable stir in the local stock market last week and deliveries were larger than for some time past. Vincent & Hassenger were "right in it" and paid as high as \$3.60 for choice hogs, within twenty-five cents of the top in Chicago. Farmers in this section have "no kick coming" on prices as buyers in this market have shipped on small margins for the past year. The shipments of car load freight since our last report include four cars of hogs by Vincent & Hassenger, one car of cattle by W. G. Milder, one car of tobacco by I. O. Brictson and two cars of hogs, from Lima, by G. B. Fetherston. The American Telephone and Telegraph company have unloaded seven cars of poles here and T. A. Saunders two cars of lumber.

The following from the Times Herald of Sunday, shows that our former townsman, now with Montgomery, Ward & Co., Chicago, has not forgotten his old time skill as a marksman. The best shooting of the day was done by F. P. Stannard, who broke 24 out of 25 targets in the league competition. He was also entered in several skeetstakes and closed the day with a record of 95 out of 100 targets. M. L. Bowers of the Garfield class beat Stannard's score of 24, and several others followed with scores of 23 each.

## CYCLING ORDINANCE TO BE TALKED OVER

HIGHWAY COMMITTEE TO  
MEET THE WHEELMEN.

Contracts For Lumber, Sewer Pipe and Cedar Posts are Awarded—Figures on the Cost of Lights—Mayor to Borrow Money—Routine Business Transacted.

Mayor Thorngood presided at the council meeting last night. At the meeting the aldermen: Awarded the contract for lumber to David Jeffries; for cedar posts to J. S. Fifield; and for tile to Albert Schaller. Heard figures read giving the prices paid for electric lights and gas in other cities of the state. Heard a new ordinance regulating the use of bicycles read, and authorized the highway committee to confer with the riders, at a meeting before the ordinance was reported. Directed the mayor to borrow \$2,500 before the water rental became due. Discussed the question of street sprinkling, and whether or not too much water was used. Aldermen McKee and McLean were absent. The minutes were read, and the report of the city treasurer was referred to the finance committee. Miller & Reed's saloon license was transferred to H. Muelleneckelader. Bids for furnishing the city with lumber, cedar posts, and sewer pipe were opened and read, they being as follows:

No action was taken, Alderman Jones saying that the figures were simply presented in order that they might be published.

The Bicycle Ordinance.  
Alderman Miltimore then presented the following bicycle ordinance.

AN ORDINANCE to regulate the use of bicycles and similar vehicles in the city of Janesville. The mayor and common council of the city of Janesville do ordain as follows:

Section 1. No person shall ride a bicycle or similar vehicle upon any street, alley or public ground in the city of Janesville at a speed exceeding ten miles an hour.

Section 2. No person shall ride a bicycle upon the sidewalk of any street, alley or public ground in the city of Janesville.

Section 3. Every person riding any bicycle or similar vehicle in the city of Janesville shall have attached to the handle bar thereof a suitable bell, and shall give warning of approach to other vehicles and to pedestrians by sounding the same, and shall during the evening and night time have a suitable lamp or lantern lighted attached to such bicycle or similar vehicle in such a manner that the same will be a warning of approach.

Section 4. No person shall deposit upon any of the streets, alleys, or public grounds in the city of Janesville, any broken glass, tacks, wire, nails, or other things tending to injure any bicycle or other vehicle.

Section 5. Any person violating any of the provisions of this ordinance shall pay a penalty of not more than ten dollars nor less than one dollar.

Section 6. All orders, ordinances and resolutions conflicting with the provisions of this ordinance are hereby repealed.

Section 7. This ordinance shall take effect and be in force from and after its passage and publication, which shall be for three successive days.

Wheelmen To Be Heard.  
Attorney C. E. Pierce asked the council to refer the bicycle ordinance to a committee that the wheelmen might be heard in the matter. The matter was then referred to the highway committee, and a meeting will be held tomorrow evening at the council chamber, when, the wheelmen can present their case.

Alderman Stoddard introduced an order instructing the street commissioner to remove stones from the streets of the Second ward; ordering new sidewalks built and North Bluff street, which were adopted.

Alderman Rice—An order to repair Washington, on North River streets and the Mole culvert.

Alderman Gilkey—Granting the use of a street to B. B. Eldredge for build-

ing material; also ordering crossing repaired.

Alderman Burnham—An order that the mayor borrow \$250.00, so that the water rental could be paid on June 1.

Alderman Rice—That a committee be appointed to secure weights for the scales of weights and measures. Alderman Rice, Burnham and Kothman were appointed.

About the Sprinkling.

Ald. Stoddard brought up the matter of street sprinkling, and said he thought too much water was used, and as a consequence, the wheelmen were greatly inconvenienced and buggies were smeared with mud the first time they were used after washing. He thought it was nonsense to use so much water and wanted it stopped.

Ald. Miltimore said he had spoken to the men who did the sprinkling, and he thought they were now using less water.

Ald. Stoddard said that too much water had been used only yesterday.

Ald. McKee thought too much water was used, and that when cyclers were not allowed to use the sidewalks, the streets ought to be kept in good condition for their use. Ald. Burnham and Kothman also took part in the discussion but the council adjourned without taking any action.

TERRILL GETS FOUR YEARS.

Judge Bennett Sentenced the Convicted Man Yesterday Afternoon.

Judge Bennett yesterday sentenced Stephen Terrill to four years in the state prison at Waupun, the sentence being the lightest one that could be imposed. The prisoner wept when sentence was pronounced. Judge Bennett gave him some kindly advice while pronouncing sentence, which the prisoner will probably heed. Good behavior will count in Terrill's favor, and if he gets all possible good marks, his time will expire in a little over three years.

## AN EXCELLENT PERFORMANCE

Marie Wellesley's Players Open Their Week's Engagement Last Night.

Maria Wellesley's players opened their week's engagement at the Myers Grand opera house last night, with "The Factory Girl," and gave a performance satisfactory in every detail. Miss Wellesley, Eva Benton, and Jessie Atkinson, did not lose a single point in this clever play, and the men of the company did unusually well. The Wellesley-Obee-Wilson party is the best of its class, which comes here. The organization has a new lot of plays, which they will present here this week. Tonight "Lady Audley's Secret", a strong society drama, in four acts, by Mrs. M. E. Braddon, will be the bill. On Saturday night the company will give away a Hartford wheel, guaranteed by the Pope Manufacturing Company of Hartford.

There will be a dance at Mattice & McCoy's hall Friday night.

## BEDRIDDEN.

## FIFTEEN YEARS OF SUFFERING.

The Doctors Wanted Seven Hundred Dollars to Attempt the Case.

The following is a letter we received a short time ago from Mrs. M. C. Hinkley, 602 North Mississippi St., Indianapolis, Ind. Gentlemen:—While suffering intensely from piles, I became interested in your advertisement in one of our daily papers and procured a package of your Pyramid Pile Cure from our druggist. Contrary to my expectations, the relief was instantaneous. I used two boxes of the Pile Cure and one of the Pills and am convinced that they are the only sure cure for piles on the market. I have been a sufferer from piles for fifteen years and have been confined to my bed about one-half of the time, expecting and wishing for death for the pain was so great. I went to the college here and the doctors said my case was a new one to them, the great pain having brought on a large rupture, which they wanted seven hundred dollars to cut out. I was very much afraid that death would result from the blood-poisoning which they said would result from the operation. I feel as though I can't praise the Pyramid Pile Cure and the Pyramid Pills too highly, as I am convinced that they saved my life. Before using your cure I weighed only ninety pounds and now I weigh one hundred and fifty and feel as well as I ever did in my life. You are at liberty to use this testimonial in any manner you may see fit, as I want all sufferers from this terrible disease to know that there has at last been compounded a remedy that will cure piles. MRS. M. C. HINKLEY.

There is no need of the danger, pain and expense of a surgical operation for any form of piles. The Pyramid Pile Cure does the work without pain and is the safest and best. Remember also that the Pyramid Pills are a certain cure for constipation, acting without griping and restoring natural action to the bowels.

The Pyramid Pile Cure is sold by druggists at 50 cents and \$1.00, and the Pyramid Pills at 25 cents, or by mail from Pyramid Co., Albion, Mich.

There is perhaps not a man living in the whole State of Illinois who is so grateful and happy today as T. B. Nolen of Urbana. Not only does he owe his own life, but that of his wife and children, to the Indian's wonderful skill and sagacity. He, like thousands of others who have passed through similar experiences, realize that their escape from death, or a life of a miserable invalid, has been due to that greatest of medicines—originated and used for centuries by the Indians, to which they, too, owe their proverbial longevity and perfect health, Kickapoo Indian Sagwa.

What it did for Mr. Nolen and his family was no more wonderful than if they had been rescued from the most perilous situation, but his best to let him tell his experience in his own words.

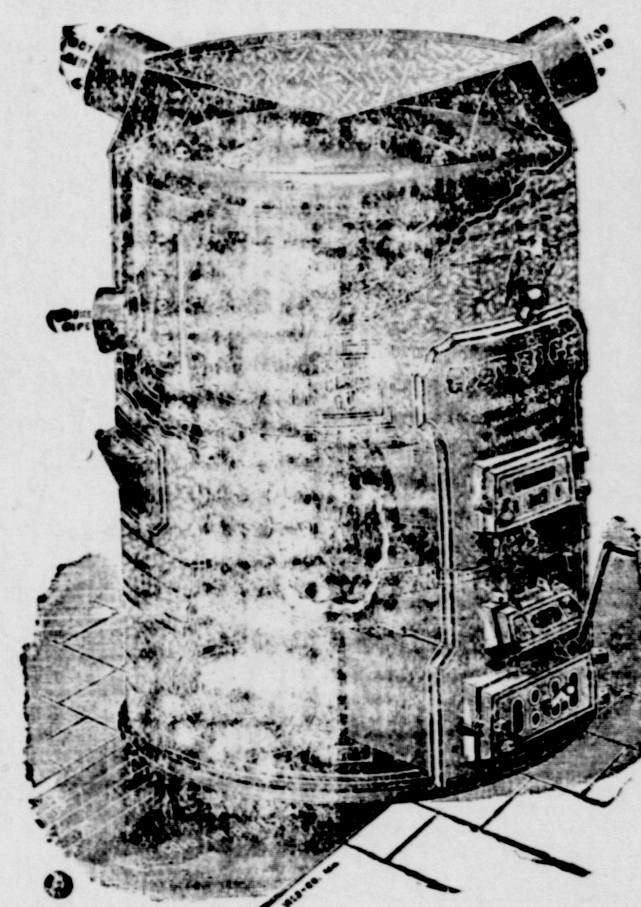

URBANA, ILL., Sept. 24, 1892.  
"Kickapoo Indian Sagwa has accomplished such great and lasting good in my family that I feel that the world ought to know it. My wife had suffered with a combination of

female troubles and indigestion for several years, and for two years had been almost blind, in fact, was blind to such an extent that she had to be led from place to place. From the first bottle of Kickapoo Indian Sagwa she began to improve, the improvement being so rapid as she continued the use of Sagwa as to astonish our neighbors, who had known her condition. After taking but six bottles of Sagwa she was wholly free of her female diseases, could eat and digest her food, and most wonderful of all, her eyesight was completely restored. While in this condition my wife gave birth to a boy, who inherited her weak eyes and he became almost wholly blind. Knowing what Sagwa had done for his mother, I gave him this remedy and he is today a perfect specimen of physical childhood, without a blemish, and his eyes are as good as anyone's.

I had a disease of the kidneys, being so weak the larger portion of the time that I could perform but very little labor. I also took Sagwa, using but two bottles, and am today as sound as a dollar. Kickapoo Indian Sagwa certainly performed wonders in my family."—T. B. NOLEN, Urbana, Champaign Co., Ill.

If today you are suffering from any sickness resulting from a disordered condition of the kidneys, stomach, liver and blood, take Sagwa. It cures when a cure is possible. It is the most wonderful blood purifier known. It cannot injure the most delicate baby, as it is purely vegetable, containing no mineral or other poisonous ingredients. You will feel its benefits with the first dose, and continue to improve until you become one of the multitude who are alive today only through its use, and realize to what they owe their life. If you wish further particulars write us. We employ a regular staff of doctors who will give you medical advice free. Address, Kickapoo Indian Medicine Co., New Haven, Conn. All druggists sell our remedies.

## South Dakota in Springtime

Is clothed with verdure green and spotted with beautiful blue and white prairie flowers, tokens of luxuriant soil like that fair country to which Moses led the children of Israel in ancient times.

And like unto that land of plenty, South Dakota outdoes its sister states of the east in the products of its soil, sown, cultivated and harvested in less time and with greater ease than in any other portion of the United States.

And so we say unto you that now is the opportunity of a lifetime to "Go west and buy a farm." For descriptive lists and prices, address Geo. H. Heafford, G. P. A., Chicago, Ill.

## The Hot Springs

located in the Black Hills of South Dakota have wonderful medicinal properties for the cure of rheumatism, neuralgia, and kindred ailments, and should be investigated by all suffering from such troubles. First class hotel accommodations and baths. Tourist tickets on sale daily and especially low rates on the first and third Tuesdays of each month. Full information furnished on application to ticket agents C. & N. W. R'y.

## Opportunity For Home-Seekers.

There are excellent opportunities along the line of the Chicago & North-western R'y in Western Minnesota and South Dakota for those who are desirous of obtaining first class lands upon most favorable terms for general agricultural purposes, as well as stock raising and dairying. For particulars and landseekers' rates, apply to agents of the Northwestern line.

## The Sunshine State

Is the title of a generously illustrated pamphlet of sixteen pages in reference to South Dakota, the reading matter in which was written by an enthusiastic South Dakota lady—Mrs. Stella Hosmer Arnold—who has been a resident of the Sunshine State for over ten years. A copy will be mailed to the address of any farmer or farmer's wife, if sent at once to Geo. H. Heafford, General Passenger Agent, Chicago, Milwaukee & St. Paul railway, Chicago, Ill.

## St. Paul Banker Indicted.

St. Paul, Minn., May 18.—Another indictment in the bank cases was reported by the grand jury late Monday afternoon. The Allemania has been among the list of those failed during the last winter into whose affairs the grand jury has been looking, and this indictment was for grand larceny against Albert Schaeffer, president of that bank. The ground for the charge is an overdraft on his personal account to the amount of \$6,475. Mr. Schaeffer has for several years been very prominent in politics in the northwest.

## Great Fire at Nashville.

Nashville, Tenn., May 18.—A dangerous fire broke out Monday night in Warren Bros.' large paint and oil warehouse in the center of the city, threatening the Western Union office, Dickel's large whisky warehouse and other large buildings in the business portion of the city. Warren Bros.' paint and oil warehouse was destroyed, also an adjoining building. The Western Union office was saved. The fire then spread to the large warehouse of Dickel & Co., whisky dealers. The loss is great.

## WOMEN! DON'T WAIT.

If You Have Any of These Symptoms Act at Once.

Do you know the reason why you will go to the hospital, my poor friend? Because you have allowed yourself to go from bad to worse. You did not know that that heat, swelling and tenderness in your left side were all signs of congestion of the ovary.

Any intelligent woman could have told you that congestion is fatal to the uterine system, and that an ovary congested leads to tumor formation, and that you were in awful danger. Now you will have to undergo the operation of ovariectomy, the cutting out of the ovary.

Yes, you will recover, at least I hope you will; but you will never be quite the same woman again. Congestion of the ovaries is fatal to health. If you have any such symptoms be advised in time; take a medicine of specific powers! You can find none better than Lydia E. Pinkham's Vegetable Compound, prepared especially to meet the needs of woman's sexual system. You can get it at any good druggist's.

Following we publish a letter from a woman in Milwaukee, which relates how she was cured of ovarian trouble: "Dear Mrs. Pinkham:—I suffered with congestion of the ovaries and inflammation of the womb. I had been troubled with suppressed and painful menstruation from a girl. The doctors told me the ovaries would have to be removed. I took treatment two years to escape an operation, but still remained in miserable health in both body and mind, expecting to part with my reason each coming month. After using one bottle of Lydia E. Pinkham's Vegetable Compound and a package of Sanative Wash I was very much relieved. I continued to use your remedies until cured. The last nine months have been passed in perfect good health. This, I know, I owe entirely to the Vegetable Compound. My gratitude is great, indeed, to the one to whom so many women owe their health and happiness."—Mrs. F. M. KNAPP, 563 Wentworth Ave., Milwaukee, Wis.

## FIREMEN MUST KNOW ABOUT THEIR WORK

### FIRE AND POLICE COMMISSIONERS ADOPT RULES.

Examinations Must Include Educational, Physical and Practical Tests, Such as the Location of Hydrants, Construction of Buildings, Etc.—Chief Engineer to Furnish Blanks.

The Board of Fire and Police commissioners have adopted the following rules regulating the appointments in the fire department:

Rule 1. Applications for positions in the fire department must be addressed to and filed with the secretary of the board. All applications must be filled out in the handwriting of the applicant, and must be signed and sworn to by him. Every application must state the position sought, the age and place of birth of the applicant, his height, weight and chest measure, his present place of residence, his occupation and schooling. Applications must also state how long the applicant has resided in the city of Janesville, what trade he has learned, if any, and where and by whom he has been employed in the city during the last three years. Applications will also state what language, if any, besides the English, the applicant can speak understandingly. Willful misrepresentation as to any material fact may subject the guilty party to suspension or expulsion from the department.

#### Certificate Required.

Rule 2. Every application must be accompanied by the certificates of not less than three reputable citizens of Janesville, freeholders, not holding any city, county, or state office, each certifying that he has been personally acquainted with the applicant for at least three years last past, and believes him to be of good moral character, of correct and orderly deportment, of temperate and industrious habits, and in all respects fit for the service he wishes to enter, and that such citizen is willing that his certificate should be made public.

Rule 3. Every applicant must answer such questions and submit to such examinations as to physical strength, capacity and activity, and also as to educational qualifications, as the Board may deem necessary, to ascertain his fitness for the position sought. No applicant will be admitted to an examination who does not appear to be physically sound, and of good habits and reputable character.

#### Educational Test.

Rule 4. Examinations for an educational test of applicants will be confined to the following subjects:

1. Reading from print and manuscript.
2. Handwriting.
3. Writing from memory the substance of matter communicated orally.
4. Applicants for positions in the Fire Department will be questioned about the location of streets, fire alarm boxes, hydrants, and size, capacity, and location of water mains, and the location and construction of buildings with special reference to precautions against fire. Applicants for the position of assistant engineer will be examined as to their qualifications to fill the position of chief engineer.

Each applicant will also submit, at his own expense, to a thorough medical examination by the physician or surgeon designated by the board, who will report the result of his examination to the secretary of the board.

#### Who Cannot Be Appointed.

Rule 5. No person will be appointed to any position in the Fire Department who is less than twenty-one or more than fifty-five years of age. No person will be appointed to any position in the fire department who is not a citizen of the United States and a legal voter in the city of Janesville; who has not resided in the city of Janesville for at least three years immediately preceding the filing of his application, or who does not speak the English language understandingly. No person will be appointed who has been convicted of crime.

Rule 6. All appointments to any position in the fire department will be upon probation. If, during the first two months of actual service, the person appointed proves unfit for the position, he will be dropped from the force.

#### Can Transfer Men.

Rule 7. If the exigencies of the service should at any time so require, a person who has applied for either of the positions of policeman, truckman, assistant engineer, or driver, may be appointed to any other of said positions, and any person appointed to any of said positions may be transferred at any time to either of the other positions named, temporarily in the discretion of the chief engineer.

Rule 8. Appointments to positions of higher grade than those named in rule 7, may be by promotion of persons already in the service in the discretion of the board.

Rule 9. Persons dismissed from either the fire or police department, for violation of the rules and regulations thereof, will be permitted to file another application in either department; provided that such application may not be made within twelve calendar months of such dismissal. A second dismissal, for whatever cause, or from either department, shall be final.

Copies of these rules and blanks for applications will be furnished by the chief engineer.

## CONGREGATIONALISTS MEET.

District Conference Is Now In Session At the Line City.

Beloit, Wis., May 18—[Special]—The meeting of delegates of Congregational churches of the Northwest commenced in the First Congregational church at 2 o'clock this afternoon with nearly a hundred delegates present.

At three o'clock Prof. T. Harper of the Chicago Theological Seminary conducted a retreat meeting. Rev. Robert C. Denison will deliver an address at 7:30 this evening, following which will be the Sacrament of the Lord's Supper. The sessions will continue through Wednesday.

Rev. James Eaton of Mexico, brother of President Eaton of the college, has been secured to deliver the address before the Y. M. C. A. at the college commencement on June 19.

## THE VALLEY OF THE SHADOW

Mrs. Laura E. White.

Mrs. Laura E. White, wife of William H. White, 216 South Main street, died very suddenly last night, her demise taking place at the home of Robert Pollock, in the town of La Prairie.

Mrs. White and Mrs. E. Tracy Brown were spending the afternoon at the home of Mr. Pollock, and Mrs. White, seemingly, was in the best of health. While at the supper table, however, she was suddenly stricken, and fell forward, dying instantly. The news was broken to Mr. White as quickly as possible, and Undertaker Nelson brought the remains to this city last evening.

Mrs. White's death was due to heart disease. During the past few days she had been bothered by the complaint, but yesterday she seemed to have completely recovered.

Mrs. White was one of the pioneer residents of the county, and had lived in this city about ten years. She was forty-nine years of age. For several years she had been a faithful member of the Methodist church, and was held in the highest esteem by all who knew her. Besides a husband she leaves one child, a daughter, Miss Floretta White. The funeral will be held from the house, Wednesday afternoon at 2 o'clock.

Willie Pahl.

Willie Pahl, the infant son of Mr. and Mrs. August Pahl, died Saturday afternoon at the home of his parents, and the funeral was held yesterday.

## THIRTY-FOUR PLAN TO GET DIPLOMAS

### ARRANGEMENTS FOR GRADUATION BEING MADE.

Class Night Exercises, the Junior Play and the Alumni Banquet Will Take Up the Time From June 8 to June 11—Names of Members of the Class.

A class of thirty-four will graduate this year, from the Janesville High school. On the evening of June 8, at the opera house, the commencement exercises will begin and preparations are now being made. Prof. Mayne is leaving nothing undone and those who are to form the graduating class are equally enthusiastic.

On the evening of June 8, the Juniors will play, "The Merchant of Venice" and judging from the amount of work that the class have been doing during the past few weeks, the play will be perfection.

On the evening of June 9 "class night" will be observed at the opera house while the graduation proper will take place the evening of June 10.

Arrangements for the alumni banquet on June 11 are yet incomplete, but the event will probably be given either in Concordia hall or the new high school building.

The pupils who expect to graduate next month are:

Misses—	Josephine Farnsworth,
Lucy Aiken,	Alice Carroll,

## CHICAGO MARKETS BY WIRE

Robert Lindblom's Letter On the Condition of Crops and Trade.

Chicago, May 18—Everything in the shape of legitimate news was bullish today. New York cleared 312,000, Chicago 217,000 and there was a fair export demand for flour also, but Liverpool responded by declining and then we declined because Liverpool declined, and the same thing will be repeated tomorrow. We were friendly to the long side of wheat yesterday, but when the market does not respond to the legitimate influence, it is local enough to inquire what the matter is, and we find the local trades saturated with two ideas: First, that the month of June is a bad month for bulls, and that it is poor policy to bull the tail end of a short crop.

These two theories have induced a good many bulls to unload at all events to stay out of the market for the present. Positive bear news came from Manitoba in the shape of a large increase in acreage and an early crop. Then Oklahoma reported the crop very forward, yield unprecedented on a large increase in acreage. Then Bradstreet's visible supply which was reported to be five millions, ought to be only two millions, a decrease, and that was not up to the expectations of the crowd, so the selling continued; but if anybody ever buys any of this July wheat and does not sell it out, but keeps it, the short sellers will find it difficult to deliver their goods. There will not be two million bushels of wheat here on the last of July, perhaps none at all, but as we remarked some days ago the bulls like the buffalo seems to be extinct, and in the absence of positive bulls there is no use in buying wheat at any price. So after being wrong for a cent we will surrender our views as usual.

## CAN'T GET BOILERS IN OR OUT

Interior Wall At the Court House Has to Be Cut Out.

In order that the newly purchased boilers for the court house may be placed in the engine room and the old ones removed, masons are now at work removing a portion of one of the solid interior walls. The old boilers were placed in position twenty-seven years ago before the walls were completed. T. B. Bailey of Beloit, a member of the county board, was in town today overseeing the work.

## SAW A QUEER STAR AT BELOIT

Bolide Went Shooting Through Space, in the Night.

Beloit, May 18—[Special]—At ten minutes before 10 o'clock a number of people in this city beheld a ball of fire drop from the zenith and fly in a southeasterly direction towards the moon. It appeared to be pear shaped; the center was very bright, like an arc light, and the outer sides were of a bluish tint of light. It sped noiselessly with great rapidity, being in sight four or five seconds, and left a trail far in its wake, presenting a scene of splendor seldom witnessed. The celestial marvel was probably a bolide and very different from a shooting star or meteor.

## THE SELLECK SUIT

### TO LAST SOME DAYS

### TESTIMONY FOR THE PLAINTIFF, TIFF NOT ALL IN.

City Clerk Badger Says the Walk on Which She Fell Was Ordered Reopened, But an Extension of Time Was Granted—In the Meantime, the Accident Occurred.

The Selleck damage suit is still occupying Judge Bennett's time in the circuit court, and will not be finished, probably, for some days. The testimony heard today, was all on the part of the plaintiff Mrs. Selleck's deposition was read this morning.

George Hanthorn, who was the street commissioner at the time of the accident, was sworn, and testified that the sidewalk on which Mrs. Selleck fell, was in bad condition.

August Lutz, who was one of the aldermen of the Fourth ward at the time of the accident, also testified that the walk was defective.

After Mrs. Selleck fell, she was carried into "The Fair" store, then conducted by Thomas King, in the store now occupied by Palmer & Bonesteel. Thomas King, Will King, Ross King and George King testified to her appearance, etc., when she was brought into the store.

City Clerk Badger was also a witness. He testified that the city council ordered the sidewalk repaired in 1892. The Tallman estate asked for an extension of time, and the matter was left with the aldermen. In the mean time Mr. Selleck was hurt, the accident occurring in October 1893.

## THE TAX SALE HELD TODAY.

BODICES AND SKIRTS.

**Something About Neckwear—Cloth Costumes and Circular Trimming.**  
Neckwear of all sorts is seen in abundance, and ingenuity is exhausted in inventing new styles. Ruches of white satin, embroidered and trimmed with white ostrich feathers; others covered with spangles; fluffy collarettes of gauze, lace and mousseline de soie, sprinkled with beads or interspersed with flowers and ribbons; embroidered neckbands surmounted by frills—these are among the more fanciful varieties. For less formal wear there are also some novelties—stock collars with cravat bows in front, for ex-

BODICE.

ample, and a brand new standing linen collar around the top of which is a smooth horizontal, circular band about an inch wide.

Blouses of gauze and mousseline de soie are more worn than ever. They are made over silk, of course, sometimes of the same color, sometimes different, and are trimmed with lace, insertion, spangled passementerie and platings. The sleeves are usually much wrinkled, but fit close to the arm except at the top. Bright colors predominate, yellow enjoying great favor.

Costumes of cloth are embroidered with metal effects, steel and gold being a favorite combination. There is a fondness for disposing the trimming of skirts to form a long or short, round or pointed, apron outline. The trimming is carried up to the belt or completely encircles the skirt, being highest in the middle of the back. Braid, galloon, platings and insertions are thus very effectively applied.  
The illustration given in today's issue shows a full bodice of mauve mousseline de soie over a fitted lining of mauve taffeta. The yoke is of white renaissance lace, bordered with a narrow puffing of mauve mousseline. The sleeves are covered with wrinkled mousseline and have small bouffants of lengthwise puffing at the top. The cuffs are of renaissance lace. The collar of mauve mousseline de soie is trimmed with tabs of lace, and the belt, which is tied in front in a bow, is of striped mauve and white ribbon.

JUDIC CHOLLET.

FASHIONABLE MATERIALS.

**A Wide Latitude to Suit Individual Tastes and Pockets.**

Gauze and mousseline de soie are seen almost everywhere as trimming or accessory. Costumes, hats, capes, neckwear and house gowns are all surrounded by a filmy cloud of these sheer materials, plaited or gathered and enriched with lace and ribbons.

Toiles de laine, transparent grenadines de laine, brilliant mohairs, thin corduroys and openwork goods with a plain ground are among the newest and most fashionable materials. There are also fancy goods in stripes, checks and plaids of all sizes, all silk, all wool or silk and wool mixed. Silk and wool mixtures are always desirable, being both rich and soft, and the plaids of this sort are made into very pretty blouses or whole costumes, trimmed with

RECEPTION COSTUME.

braid or worsted galloon. The largest plaids are usually reserved for children's wear, yet some very pleasing and effective adult costumes are composed of them. It is necessary, however, to arrange them carefully so as not to obscure the design. They are combined with velvet or heavy silk of a tint matching one of the colors in the plaid. Blue and green plaids with lines of red or yellow and the red, green and blue ones are the most worn among bright colors, while black and white combinations have a decided success. These goods may be made very simply or very elegantly. All depends upon the form and the choice of trimming. For the decoration, besides galloon and velvet, a great deal of black glace taffeta is employed or taffeta of two tones, red and green, blue and green, etc. It is plaited and pinked and used for ruffles, ruches, vests, chemisettes, plastrons or entire blouses.

Today's sketch shows a ceremonious costume of jacqueminot moire. The trained skirt is plain behind, the tablier being embroidered with jet and framed by narrow platings of black mousseline de soie. The close bodice is embroidered with jet and has revers of platings of black mousseline de soie. This bodice opens over a chemisette of white silk gauze, on which is arranged a fall of black lace, headed by a moire band embroidered with jet. The belt is of black satin, the sleeves of moire, embroidered with jet, having small Henri II puffs at the shoulders. There are frills of white gauze at the neck and wrists.

May Days are Busy Days Here.

Never has our trade been better than this season, and people keep on coming and buying in a way that indicates they appreciate our values.

We have endeavored to show a more complete and desirable stock of general dry goods than ever before, and the business we are doing leads us to believe we have succeeded. Also that have not only beat our own record, but that of our competitors as well. In some departments the values we offer are nothing short of surprising; especially is this true of Wash Goods, light weight Underwear, Hosiery, Shirt Waists &c.

It is values like these that turn the trade tide our way:□

Lined leather Belts in the new tans and greens, monkey skin, also seal leather—25c.

The latest Chatelain Purse, with chain, in brown, tan and green, new shape, gilt frame—50c.

Pure Milanese Silk Mitts, with inserted glove thumb, black only—19c.

**One of the Cabinet Circle.**  
Miss Flora H. Wilson, the daughter of the secretary of agriculture, occupies a prominent place in Washington society. As Mr. Wilson is a widower, his daughter, as the head of the Wilson household, takes her place in the "cabinet circle" and does her share of the

entertaining. She does it merely as a matter of duty, however, for she really cares little for society. She is a musician of rare talent, and her voice has been cultivated at the Chicago Conservatory of Music. She paints well in oils, too, and is a skillful horsewoman.

**Our Minister to Turkey.**  
Dr. James Burrill Angell, who has been appointed to the important post of United States minister to Turkey, is

distinguished as an educator, a scholar, an author and a diplomat. For more than 25 years he has been president of the University of Michigan. Dr. Angell was born Jan. 7, 1829, in the town of Scituate, R. I. He has served as minister to China, and was member of the commission appointed to settle the fisheries dispute.

**She Got the Engagement.**  
Miss Sere—Well, if you must have the plain truth, you're too young and pretty to be my maid.  
Applicant—But, ma'm'selle, you can say that I nursed you during your childhood.—N. Y. Journal.

**Her Sweet Voice.**  
"Did you ever hear my daughter sing?" asked the farmer of a neighbor. "That's her driving out the cows."  
"Yes, I heard her sing once," was the reply; "that time she drove me out."—Yonkers Statesman.

**That Made a Difference.**  
"And you lent him an umbrella! How very remarkable."  
"Not so very. It was one I had borrowed from him six months before."—Louisville Courier-Journal.

**Clear Enough.**  
"Dear me! Whatever induced you to give your baby such a name as Pete?"  
"That's the name of my husband's oldest brother, who is rich and unmarried."—Cleveland Leader.

**Couldn't Help It.**  
Beatrice—Did you notice the loud color of that blonde young lady's gown at the reception last night?  
Benedick—Notice it! Do you think I'm deaf?—N. Y. Truth.

**In the Heat of the Conflict.**  
He—Do you think your judgment is as good as mine?  
She—Oh, no, dear. Our choice of life partners proves that it isn't.—N. Y. Journal.

**Tranquilize.**  
Rue—Did you say Penman's latest effort is a hypnotic play?  
Prompter—Apparently; it puts everybody to sleep.—Philadelphia North American.

**An Honest Boy.**  
"Who lost a dime?" yelled a newsboy. "I did," replied four or five.  
"Well, I didn't find one."—Louisville Courier-Journal.

## SICK-POISON.

**WHAT IT IS, AND WHERE IT COMES FROM.**

Sick-poison is what makes you sick. Irritates your nerves, disorders your functions, saps your strength, makes you miserable.

Different diseases have different poisons, some have several, indigestion more than any.

That is, the symptoms of indigestion are caused by the poisons which are created by undigested food.

When you are sick, try to get rid of your poison.

It is often easier than you think, for all nature is helping you. Only the poison is obstinate, but the first step is to go to the root of it.

The poisons of indigestion food, which cause lethargy, headache, dizziness, weakness, bad taste, stomach ache, fever, flatulence, nausea, constipation, loss of appetite, jaundice, anemia, neuralgia, rheumatism, etc., these poisons can be swept away and annihilated by the Shaker Digestive Cordial.

Curing the stomach and helping it to digest food, when it is too weak to do so by itself, will purify your system of poison and renew your strength and health.

Shaker Digestive Cordial, a pure, vegetable, digestive tonic, made by the Shakers of Mount Lebanon, will cure all disorders caused by the poisons of undigested food when nothing else will give any relief.

Sold by druggists. Ten cents for a trial bottle.

Write for a book on food. Address The Shakers, 30 Reade Street, New York.

## Veterans' Stories.

**Old Soldiers Tell About Munyon's Great Victories.**

Mr. D. H. Clark, member of the Union Veteran Legion, No. 1, and residing at Glenwood, Twenty-third Ward, Pittsburgh, says: "I suffered for twenty years from weakness of the heart. During some of the spells that I had it amounted to almost heart failure. These spells were accompanied by pains extending down the left arm and arm. My case was so severe that the Government is paying me a pension on account of it. I have tried everything in an effort to secure relief, but finally gave up the idea of being helped. Recently I tried Munyon's Heart Cure and it gave me almost instant relief. I carry a bottle of it in my pocket all the time, to be used in case of an emergency. I have also been troubled with severe distress in my stomach, accompanied by pains and drawing up of the intestines. At times I felt that I would die. I purchased a bottle of Munyon's Dyspepsia Cure and I am happy to say that the first dose cured me."

A. G. Austin, No. 7 Harper's Court, South Bend, Ind., a veteran of the war, who contracted rheumatism while in the army, and is also suffering from the effects of sunstroke, says: "I have been using the Munyon Rheumatism Cure since last Monday. I have derived more benefit and greater relief from the medicine than any that I have ever used. Indeed, one feature is very remarkable; my little finger, which has been perfectly stiff, as though it had no joint in it, and always in my way, which I have not been able to bend for many years, has become supple and pliant, and I can now close it into the palm of the hand in a natural way. I am delighted with Munyon's medicine."

Munyon has a separate cure for each disease. At all druggists, mostly 25 cents a vial.
